

Made in U.S.A.

Our Company is extremely proud to give you a choice to buy Cultured Marble products, Made in the U.S.A., manufactured by us at our plant in Palm Beach County. Florida. U.S.A.

All the raw material for manufacturing Cultured Marble is obtained from Manufacturing Plants in the U.S.A. Our major component of the raw material (80 %), which is "Marble Dust", is mined in Georgia. U.S.A. The Polyester Resin is manufactured locally in various plants in U.S.A. We have always insisted and paid for the best raw material available from U.S. manufacturer. It might be costly for us to buy raw material from U.S. manufacturer but we know what we are getting and hence give you a quality product, deserved by you, proudly made at our factory in U.S.A.
